

Town of Goshen
Board of Selectmen
Lake Weed Management Committee

Special Meeting Minutes

First Selectman's Office
August 25, 2015

Present: Steven Romano (Chair), Michelle Fitzpatrick (TL), Nell Glass (WSP), Lida Exstein (DP, Santo Manicone (DP)

Absent: Chris Sanders (WSP), Richard Reiss (WL), Ken O'Hara (WL)

1. Meeting called to order at 7:05pm.
2. Lida presented an update as to where Dog Pond is regarding her conversations with ACT. She was given base pricing of \$1,600/per day and \$2,000 move in costs for a 5 day period for harvesting remediation. There are still several questions that need to be answered if a September remediation is to take place – 1. Where to harvest. 2. Will Woodridge Lake allow dumping at the equestrian area? Will the town be able to help with loading/trucking? There also was some discussion as to the donations from Dog Pond residents for this specific project being deposited through the "Lake Fund" and specifically being used to pay for this remediation process – Bob Valentine explained that there would be no issues.
3. Goshen Fair Booth was discussed. An insurance certificate through the town has been put in place and tee shirts have been ordered and will be for sale. There will be literature to hand out and some display boards for educating the public about our weed problem. Dog Pond will man the booth on Saturday, Tyler Lake will man the booth on Sunday and West Side Pond will man the booth on Monday. The exact placement of the booth is still unknown, but we will be using a 10'x10' Easy Up with a 6'-8' table.
4. It was also mentioned that the committee would like to have a little more detail/information (layman's terms) by Dr. Knoecklein in regards to explaining test results and best remediation methods due to the test results for each body of water.
5. Meeting was adjourned at 8:25pm.

Respectfully submitted,
Steven M. Romano, Chairman
